

## Amelia Husnik Testimony

Covid 19 has affected our lives in many ways and we all have to learn to adapt to this new reality.

There are things that I have missed greatly and still do, but they are less important than I would have thought before the pandemic.

One thing that stands out in this time of physical distancing is that there seems to be more time in a day. I've experienced this as something very precious, almost like a gift. Nothing needs to be rushed!

This has had a rather profound influence on my daily time with the Lord, my prayer time and eagerness to learn more of God's word. I have noticed that my prayers are becoming longer and more meaningful, my time spent with the Lord is becoming such a time of blessing. I've always had difficulty concentrating and keeping my mind from wandering off during prayer, and I am so happy that I can be so aware of the fact that I am in God's presence, how awesome is that!

Thank you Village Green, for providing great weekly services and for making me feel connected; and thank you Jon for the Monday night lessons on how to study the Bible.

I count my blessings,  
Amelia Husnik
